

“Designing spaces to facilitate natural ventilation is essential for maintaining comfortable indoor air quality and temperature.”

SONAM GALA GOSALIA
Senior Associate Designer
Kiran Gala & Associates

CREATIVE COLLABORATOR

Sonam studied design at Raffles Design Institute and earned her Master's degree from the University for the Creative Arts (UCA) in the UK. She believes in the power of design to transform spaces and enhance lives. She values efficiency, creativity, and attention to detail, striving to stay ahead of industry trends. Her approach emphasizes collaboration, ensuring each project reflects the client's unique style while adhering to international standards and innovation. Sonam has been an integral part of the company for seven years, bringing a total of nine years of experience in the field of design. With a portfolio that includes over ten architectural and interior design projects, she has demonstrated exceptional expertise and creativity. Her recent accomplishment includes the complete design of two apartments in London, a significant milestone for both her and the firm.

The Apartment VIII designed by her in Mumbai is one of her most prominent works. It's her vision to expand internationally by starting an office overseas, and to leave a lasting mark on the global design industry. As an Indian designer she aims to showcase the rich cultural heritage and innovation on India while contributing to the global design landscape with her unique perspective and creativity.
